Roeding's Quality GIANT TRUMPET
DAFFODILS

Favorites in the bulb garden are these large-flowered gold and yellow Trumpet Daffodils. Add spring elegance to your garden and select for long-season bloom. Numerals (1) to (5) indicate relative blooming period.

AEROLITE (1) FB1. Pale gold; large, graceful trumpet; wide petaled, flat perianth. Earlier than King Alfred. Each 30c; 12 for $3.00; 100 for $20.00.

ALASKA (3) FB1A. Giant flower of deep gold with an unusually large trumpet handsomely frilled. Each 35c; 12 for $3.50; 100 for $25.00.

CARLTON (2) FB2. Fine clear yellow of great size; flat overlapping perianth and large, expanded crown frilled at the brim. Each 35c; 12 for $3.50; 100 for $25.00.

DIOTIMA (1) FB4. Finest of the new super-giant yellow Trumpets (perianth 5 to 6 inches across). The huge deep primrose-yellow flowers are carried gracefully on long, strong stems. Each 60c; 12 for $6.00; 100 for $50.00.

HAVELOCK (3) FB4A. A beautifully proportioned solid bright yellow. A reasonably priced novelty. Each 35c; 12 for $3.50; 100 for $25.00.

HELIOS (1) FB7. Very early; entire flower golden orange; increases rapidly and blooms freely. Each 20c; 12 for $2.00; 100 for $15.00.

KING ALFRED (2) FB8. Uniform golden yellow. Each 20c; 12 for $2.00; 100 for $15.00.

LUCINIUS (5) FB9. Self colored yellow of fine form; late and long lasting; excellent for cutting. Each 20c; 12 for $2.00; 100 for $15.00.

STATENDAM (2) FB9A. Extremely large and well proportioned. Magnificent deep gold petals and large, wide-flaring trumpet. Each 50c; 12 for $5.00; 100 for $40.00.

TRESSERVE (2) FB10. Larger, later and lighter than King Alfred. Each 30c; 12 for $3.00; 100 for $20.00.

Color Contrast DAFFODILS
for GARDEN INTEREST

Irresistible to bulb gardeners are these pale-petaled Daffodils with bright hued, frilled cups of rich yellow, sometimes flame margined. Numerals indicate relative blooming period.

CROESUS (3) FB18. Canary perianth; broad, flat, orange cup; flowers held high above foliage. Each 20c; 12 for $2.00; 100 for $15.00.

FORTUNE (1) FB18A. The almost perfect gold and orange Daffodil heretofore beyond the reach of all except collectors. Increased stocks now permit a popular price. Each 60c; 12 for $6.00.

JOHN EVELYN (3) FB20. Flat white perianth; flat cup unfading yellow, heavily fluted and shirred. Each 35c; 12 for $3.50; 100 for $25.00.

KILLIGREW (3) FB20A. A flower of perfect exhibition form, with bright yellow petals and a brilliant orange-red cup. Each 35c; 12 for $3.50; 100 for $25.00.

ORANGE GLOW (4) FB20B. One of the most popular at our bulb show. The flaring trumpet has an orange glow, contrasting beautifully with the yellow petals. Each 35c; 12 for $3.50; 100 for $25.00.

WHITLEY GEM FB23A. Very early. Deep golden yellow petals contrast strikingly with the bright orange fluted crown. Praised by all who see it. Each 60c; 12 for $6.00.

CREAM *of the* CROP

Since 1932 when we first introduced "Roeding's QUALITY" spring flowering bulbs, each year has seen a deserved increase in their popularity.

"Roeding's Quality" bulbs assure certainty of success, quick results, a long blooming season, and endless opportunity for spectacular color effects. Our 1946 bulb stock again represents the CREAM of the crop.

Save money by buying the best; Roeding's quality Daffodils and Narcissi are all first grade DOUBLE-NOSE bulbs, producing TWO flowers per bulb at only a fraction higher than bulbs producing only one flower.

Success With DAFFODILS

Daffodils are very easy to grow, requiring no summer care and, as they are not eaten by gophers and have few diseases; they are an excellent garden investment.

Plant Daffodils deeply. Most varieties thrive when put four to six inches under ground.

Dig the soil eighteen inches deep before planting if possible. This allows for ample development of the roots.

Irrigate the soil thoroughly as soon as the bulbs are planted so as to start root growth at once. Natural rainfall is normally sufficient to keep Daffodils growing up to blooming season. They should never be allowed to become dry, however.

After blooms have withered, cut off dead flowers, cultivate the soil and stir in bone meal, Gaviota, or any good commercial fertilizer. Irrigate often enough to keep the foliage green and growing for four to six weeks longer. Do not cut foliage until it turns yellow.

Daffodil bulbs do not need to be divided oftener than once in three to five years. They may be safely left in the ground all summer and covered over with shallow-rooted summer-flowering annuals.

Our Narcissus bulbs are of the largest size and are all "Double-nose;" that is, each bulb will produce two or more flower stalks.

QUANTITY RATES - ALL BULBS

METHODS OF SHIPPING

In general, the best method of shipping the several types of nursery stock are as follows:

PARCEL POST: All orders for Bulbs, Bush and Climbing Roses, Berry and Vegetable Plants, Grapevines and orders for three or less Fruit Trees (which may include some or all of the preceding items) will be sent by parcel post.

EXPRESS: All orders for Fruit Trees (exceeding three trees) and Ornamental Plants weighing less than 50 pounds. Please do not ask us to send unpruned fruit trees, deciduous ornamentals exceeding 3-4 feet, ornamentals balled and burlapped or container-grown plants by parcel post even though delivery by mail is your only "door-to-door" service. Give us the name of your nearest express, freight or truck-line delivery depot and we will see that you are notified when your shipment reaches destination.

FREIGHT, MOTOR TRANSPORT OR TRUCK-LINE: All orders exceeding 50 pounds in weight (including heavy ornamentals, standard roses and citrus trees), we will route the quickest most economical way. If you have truck-line service to your door but do not live in a locality served by P. M. T., please give us the name of your delivering carrier. P. M. T., California Motor Express and Valley Express pick up shipments at our loading dock daily during the shipping season.

NOTE: We try to anticipate reasonable delays when packing, but please advise us promptly if your shipment arrives damaged or dry.

Meet Them All

Last spring we had the pleasure of reviewing our pre-war Outdoor Bulb Show with its attendant week-end festivities. Months in advance of our show, display beds were renovated and replanted with fresh new bulbs. The resulting spring display gave us all an "old times are here again" feeling and our garden friends and visitors were generous with their praise.

We are planning a more interesting show for spring 1947, with many more new varieties from domestic and Holland growers. We hope that you plan to help us celebrate spring in the good old-fashioned way: "a trip to Niles to see the flowers." The usual dates will apply: Mid-March through Mid-April.

FB34 MRS. BARCLAY

GARDEN COMBINATION

One of the big thrills in bulb gardening comes from working out effective combinations of spring flowering trees and shrubs, bulbs, annuals and perennials. A garden calendar of blooming dates is essential, and easily kept. We suggest as a starter that you make several trips to our gardens at Niles during the spring flowering season (March and April) and take notes. We attempt to keep our garden well labeled so that you can ask our salesmen for the exact variety and its planting season.

Roeding's Quality TULIPS

NORTHWEST AND HOLLAND GROWN

A great new field has been reopened to Tulip lovers with the revival of Holland bulb importations. Here we have assembled the choicest of the domestic and Holland varieties, in a wide type and color range, something we have not been able to do for five years. The quality of our domestic Tulips has reached "tops" in the last few years, and as always, you can expect the very best from Holland. Prices of standard favorite varieties are more reasonable, too.

DARWIN TULIPS

Prices: 6 for $1.00; 12 for $1.75; 100 for $12.50, except varieties marked with (*), 6 for $1.25; 12 for $2.00; 100 for $15.00.

AFTERGLOW. FB56. The name aptly describes the color of this variety. Soft apricot-orange, tinged with pink and orange-reds.

BLUE AIMABLE. FB57A. Bright violet-purple shaded steel-blue, with blue base.

CITY OF HAARLEM. FB59. Immense, pure scarlet with steel-blue center and white ring.

CLARA BUTT. FB60. The best known and most popular of the late-flowering Tulips. A lovely clear pink that intensifies with age.

***DUKE OF WELLINGTON. FB61.** A delightful pure white flower of great beauty and substance, white anthers and pure white base, is carried on a stiff stem.

FARNCOMBE SANDERS. FB62A. Fiery rose-scarlet, perfectly formed.

NELL GWYN. FB62B. A delightful salmon-pink on long, graceful stems.

NIPHETOS. FB62C. Bright lemon-yellow, gradually fading to white.

PRIDE OF HAARLEM. FB63. Bright rose suffused with purple. An exceptionally large flower of superb form.

PRIDE OF ZWANENBURG. FB63A. Very large salmon-rose blooms on tall stems.

PRINCESS ELIZABETH. FB64. Charming clear pink flower deepening to rosy-pink as the bloom matures.

***SCOTCH LASSIE. FB65.** Purest deep lavender with darker shade inside with dark blue base.

THE BISHOP. FB65A. Pure violet; fine form and sturdy stems.

WILLIAM PITT. FB67. Glowing scarlet tinted orange.

ZWANENBURG. FB68A. Pure white of large size and excellent form.

SINGLE EARLY TULIPS

Prices: Same as Darwins.

GENERAL DE WET. FBE1. Bold deep orange flowers, sweetly scented.

KEIZERSKROON. FBE2. Deep scarlet edged bright yellow.

TRIUMPH TULIPS

Prices: Same as Darwin.

All of these have **double** Peony-like flowers.

BLUE FLAG. FBE3. Very handsome light violet-blue.

MOUNT TACOMA. FBE4. Largest of all, with numerous pure white petals and a yellow base.

UNCLE TOM. FBE5. Dark glossy red; many-petaled large flowers.

Success With Tulips

From **October to December** is the best time for planting Tulips, although planting may be done up to the early part of January. If planting is done late in the winter, it is best to plant where the Tulips will receive partial shade, as too much sun may cause the late planted Tulips to open too soon, which will result in short-stemmed flowers of inferior size.

Plant Tulip bulbs 6 inches deep in sandy soil and 5 inches deep in heavy soil; that is, the top of the bulbs should be covered with that depth of soil. Place a handful of sand under each bulb and water thoroughly after planting. Tulips do best when the soil is cool and moist. Do not mix any fresh manure or chemical fertilizer in the soil where it will come in contact with the bulbs. If the soil is of poor quality, dig in some well-rotted cow manure several weeks in advance of planting.

The quality of the flowers your Tulips produce will depend more on the size and vigor of the bulbs you plant than on any other one thing. When you consider the time and labor that you put into growing your Tulips it is wisest to plant only the best grade of bulbs.

DUTCH IRIS *for Cut Flowers*

Dutch Iris are popular because of their beauty, ease of culture, early flowering, and long-lasting qualities when cut. Early varieties flower the last of February and the late varieties in April. Plantings may be made from October to January to prolong the blooming season. This type of Iris is invaluable for inter-planting with Tulips. Plant bulbs 4 to 6 inches apart and 2 to 3 inches deep. They may be left in the ground or lifted each year when ripe.

Prices: 12 for $1.00; 100 for $7.50.

WEDGEWOOD. FB89. Tall, strong stems produce large, medium blue flowers. Just the right blue to combine with Daffodils. Earliest of all.

BLUE HORIZON. FB90. Light blue standards; falls soft sky-blue with narrow orange stripe.

JACOB DE WIT. FB93. One of the best dark blues.

WHITE EXCELSIOR. FB94A. Finest white; yellow stripe on falls.

BUY Roeding's Quality BULBS

Don't be confused by offers of "blooming size" bulbs at "bargain prices." It takes two dozen small bulbs planted six inches apart to approach the effect of only a dozen top-size bulbs planted one foot apart. LARGE bulbs cannot be crowded. Plant Roeding's Quality Ranunculus at least 1 foot apart and in exceptionally good soil 15 to 18 inches apart.

Here Again to Stay .

When the war cut off shipments of Holland bulbs, it eliminated our only source for a complete assortment of Muscari and Scillas. Now we are able to offer the same color range that appeared in our 1939 Fall Bulb catalog. These little jewels are easy to grow and increase rapidly in sun or light shade.

"Cultural Instructions, BULBS"

GENERAL: Dig deeply, adding peat or compost. Manure, if used, should be thoroughly rotted and placed well below bulbs or added as mulch after planting. Do not cut foliage until bulbs are completely ripened.

DAFFODILS AND NARCISSI. See page 2.

TULIPS. See page 6.

DUTCH IRIS: Plant October-December. Leave 5 or 6 blades of foliage when cutting blooms. Bulbs may be divided each year or left in soil.

RANUNCULUS AND ANEMONES: Soak bulbs for one hour before planting. Plant from October to December in well-drained soil. Keep moderately moist while new growth is starting. Plant with sharp prongs down; concave surface is the top.

FREESIAS, TRITONIAS, BABIANAS, SPARAXIS, AND BABY GLADIOLI: Plant as early as bulbs can be obtained, in light, well-drained soil in full sun. Keep soil moderately moist. Bulbs may be left in soil or dug each year after foliage ripens.

MUSCARI, SCILLAS AND CROCUS: Plant 2 to 3 inches deep in full sun or light shade, October-November. Divide every three years for best results.

METHODS OF SHIPPING

In general, the best method of shipping the several types of nursery stock are as follows:

PARCEL POST: All orders for Bulbs, Bush and Climbing Roses, Berry and Vegetable Plants, Grapevines and orders for three or less Fruit Trees (which may include some or all of the preceding items) will be sent by parcel post.

EXPRESS: All orders for Fruit Trees (exceeding three trees) and Ornamental Plants weighing less than 50 pounds. Please do not ask us to send unpruned fruit trees, deciduous ornamentals exceeding 3-4 feet, ornamentals balled and burlapped or container-grown plants by parcel post even though delivery by mail is your only "door-to-door" service. Give us the name of your nearest express, freight or truck-line delivery depot and we will see that you are notified when your shipment reaches destination.

FREIGHT, MOTOR TRANSPORT OR TRUCK-LINE: All orders exceeding 50 pounds in weight (including heavy ornamentals, standard roses and citrus trees), we will route the quickest most economical way. If you have truck-line service to your door but do not live in a locality served by P. M. T., please give us the name of your delivering carrier. P. M. T., California Motor Express and Valley Express pick up shipments at our loading dock daily during the shipping season.

NOTE: We try to anticipate reasonable delays when packing, but please advise us promptly if your shipment arrives damaged or dry.

3 NEW "ALL-AMERICA" ROSES

To be introduced as an "ALL-AMERICA" Rose, a new variety must have exceptional merit. It must receive the approval of competent judges observing the candidate over a two-year period in 14 test gardens strategically located throughout the United States. Only those Roses receiving the highest scores are selected for final awards, and to win the coveted title "ALL-AMERICA" means that a Rose must qualify in all types of climatic conditions and stand head and shoulders above its competitors in form, color, foliage and all of the other attributes required by exacting rosarians for a near-perfect Rose. The three varieties listed on this page have won the distinction "ALL-AMERICA" for 1945, 1946 and 1947.

MIRANDY. R47. (Plant Patent No. 632.) The red Rose All-America winner for 1945. Large, ovoid buds are deep dark red with black shading, open to rich Chrysanthemum-red blooms. The fragrance is full-bodied and delicious. Foliage excellent in warm sections, requires attention near the coast. $2.00 each.

PEACE. R52. (Mme. A. Meilland.) (Plant Patent No. 591.) The only Rose to win the 1946 All-America Rose Selections Award. One marvel of this Rose is the range of colors through which it passes, from opening yellow buds, with edges picoteed cerise, to glorious five-inch blooms of alabaster-white. Each petal is edged with pink that seems to deepen as the large individual petals gradually open, a few at a time, around a high-pointed center heart of tawny yellow. The vigorous plant is as superior as the bloom, with clean, holly-like, glossy foliage. Flowers borne singly on strong, straight stems are unusually long lasting. We recommend this Rose for all sections without reservation. $2.50 each.

RUBAIYAT. R56A. The unchallenged All-America winner for 1947. A brilliant red Rose with a most graceful, long, shapely bud, a promise of untold pleasures, and a satisfying wealth of old rose fragrance. The scintillating rose-red to crimson color in the heart of the half open bloom is accentuated by the reverse of the petals which are several shades lighter. The extra large flowers are borne in a great profusion on long, upright stems. The plant is tall and very vigorous, disdainful of minor ills and is clothed down to the ground with luxuriant dark green foliage.

Bud—Long, pointed, attractive.

Flower—Opens slowly into a very large bloom, rose-red to crimson.

Fragrance—Delicious old rose.

Habit—Tall, very free blooming.

Price—$2.00 each.

"ALL-AMERICA" *Collection*

BEARDED IRIS

THIS is a new department in our fall catalog and one that we hope will appeal to our customers. The Bearded Iris deserve a niche of their own in every garden. We say this because these Iris do not relish the attention showered on other garden plants. They thrive in full sun in dry places.

July, August and September are the preferred planting months but Bearded Iris can be successfully transplanted from June until January. Plants are shipped dry and should be planted soon after arrival. If your soil is heavy and retains moisture, use a liberal supply of gypsum. Set the rhizomes just beneath soil level about 12 to 18 inches apart. Water at two-week intervals until the plants are established. Keep other plant growth out of your Iris bed for best results.

ARCTIC. FB150. Recent introduction highly praised for its form and color. Ruffled, closed standards and broad falls are white enamel with a bright yellow stripe through the center of the flower. $2.00 each.

AVONDALE. FB151. An excellent and popular violet and copper blend with vivid orange beard. 40c each; 3 for $1.00.

CALIFORNIA GOLD. FB152. Deep yellow and free flowering. Considered by many the best garden value in yellow Iris. 35c each; 3 for 90c.

CHINA MAID. FB153. The color of this beautiful, large flowered Iris is difficult to classify. It is a delightful blend of pink, copper and lilac. $1.00 each; 3 for $2.50.

E. B. WILLIAMSON. FB154. Silky, fragrant flowers are glowing coppery-red. The unusual coloring of this fine Iris is unique and individual. 75c each; 3 for $2.00.

FAIR ELAINE. FB155. Creamy standards and emphatic yellow falls are highlighted by an orange-red beard. A real novelty in yellow Iris. $1.50 each.

FAR WEST. FB156. Size of flower and boldness of growth went into the name of this unusual Iris. The blend of colors that make this a great flower are salmon-pink and golden sand, henna and coral. 50c each; 3 for $1.25.

GOLDEN MAJESTY. FB157. Large deep yellow flowers with broad falls and close standards. Highly recommended. $1.00 each; 3 for $2.50.

GREAT LAKES. FB158. Judges of the American Iris Society have placed this beautiful blue Iris at the top of their "first 100" list for the third consecutive year. Broadly spreading flower on tall stems. Highly recommended. $1.75 each.

JUNALUSKA. FB159. A beautiful blend of red, copper, rose-pink and gold. Blooms early on tall stems. 40c each; 3 for $1.00.

LOUVOIS. FB160. Standards of this fine flower are brown-toned and falls dark brown, edged same tone as standards. $1.00 each; 3 for $2.50.

MING YELLOW. FB161. Called "the yellow without a fault." Rich and clear, without venation. Large and somewhat waved. $1.50 each.

MISS CALIFORNIA. FB162. Huge lilac-pink, long-lasting flowers are borne high above lush fans of purple-tinged foliage. 60c each; 3 for $1.50.

MODISTE. FB163. Heavy, well branched stems produce pale mauve flowers, distinct in color from other pale blues and lavenders. $1.00 each; 3 for $2.50.

MOHRSON. FB164. Very large flowers are deep violet with darker veining and a bronze-gold beard. Seedling of Wm. Mohr. 75c each; 3 for $2.00.

ORMOHR. FB165. Pale lilac flowers have a silvery cast and violet veining. It is one of the largest flowered Irises. Highly recommended. $1.00 each; 3 for $2.50.
